Dramatically massive at about 7-miles wide, 76-miles long and as tall as a 30-story building above the waterline, it's the **largest river of ice** in North America.

**DAY 24: SUN 11 SEPT      GRAND PRINCESS - JUNEAU (BLD)**

In 1880, it was slow going for Joe Juneau and Richard Harris as they searched for gold with the help of Native guides. After climbing mountains, forging streams and facing countless difficulties, they found nuggets "as large as beans." From their discovery came three of the largest gold mines in the world. Eventually the mines closed, but the town of **Juneau** became the **capital of Alaska** and the business of gold was replaced by the business of government. Some 30,000 people live in Juneau. Its total area makes it one of the biggest towns, in size, in the world. Only Kiruna, Sweden and Sitka, Alaska, exceed Juneau's 3,248 square miles. Today Juneau is also famous for its breathtakingly beautiful glaciers and stunning views of both water and mountains.

**DAY 25: MON 12 SEPT      GRAND PRINCESS - KETCHIKAN (BLD)**

You've never tasted salmon so fresh. **DAY 26: TUE 13 SEPT      GRAND PRINCESS - INSIDE PASSAGE (BLD)**

You'll sail beyond the Inside Passage into the more protected Alaska Inside Passage in **south-eastern Alaska**. This complex labyrinth of fjords, bays and lush green islands is home to an abundance of wildlife, including orca, mountain goats, bald eagles, bears, puffins, sea otters and much more. During the summer months the long hours of daylight allow for ample opportunities for nature photos on your **Inside Passage Cruise**. You'll never forget the sight of 40-ton whales hurling themselves into the air, almost completely escaping the water. If you're especially lucky you could see them swimming together to create a bubble net, trapping and eating fish by the giant mouthful.

**DAY 27: WED 14 SEPT      GRAND PRINCESS - VANCOUVER (B)**
